NYU Abu Dhabi, Saadiyat Island, Abu Dhabi, UAE.
40 Zahraa Al Maadi, 6th Section, Cairo, Egypt

Personal Summary:

I am an ambitious, hardworking, self-developing undergraduate student who is very interested in the study of arts and how to relate it to our lives. One of my main objectives is to work on my skills and develop them in every aspect as creativity, technology integration, critical thinking as well as problem solving skills. I am willing to grab every chance to gain new experiences through interpersonal communication. One of my strength points is that I am well-organized, responsible, creative, quick learner and a flexible team member who is very cooperative.

Education:

Graduated from Maadi Narmar School June 2021 (International A Levels and GCSE)
Undergraduate student at NYU Abu Dhabi Class of 2025

Skills:

Languages: I am very proficient in languages such as English, French and certainly my mother language Arabic. I am very capable of doing analytical interpretations, translation and even teaching and guiding people to learn any of these different languages.

Graphic Design: I have moderate skills in Adobe Photoshop, Illustrator and InDesign. I am always working on my photoshop skills as editing photos is one of my biggest hobbies. I created a grid for a digital artbook proposal called (Eduxion) last semester using InDesign.

Drawing and Painting: I took multiple drawing courses which allowed me to learn the basics of how to draw in 2D and 3D using graphite and coal. Observing and drawing still objects is one of my favorite hobbies.

Sports: I have been playing sports competitively for over 10 years, in a team and on my own, which makes me a very hard-working, disciplined and good team member. My sports experience includes gymnastics (5 years of experience), swimming (Higher certified swimmer for 5 years) and karate (10 years).

Writing: I can write and translate proficiently in English, Arabic and French.

Filming and Acting: Acted in over three films shot by NYU students for classes such as intermediate filmmaking. Filmed and edited Suzan Sadek's Capstone project.

Work Experience:

Physics and Math Teacher Assistant for International GCSE (August 2020 - March 2021)

My duties were organizing exams, correcting them and explaining basic physics and mathematics concepts for IGCSE students. I was doing support sessions and invigilating the students during exams.

Writer for Teenntimes (An Egyptian online magazine entirely made by teenagers)

Wrote 500-word articles every week where, I interviewed people, made new connections and produced interesting and engaging content for our target audience.

Student Assistant for Professor Katheryn Miller (June - July 2022)

Translated documents from Arabic to English.

Volunteer work:

1. Participated in a renovation project of an orphanage in Egypt where we amended their residence and taught the children how to read and write Arabic and English.
2. Volunteered as a member of the design team for Narmer TEDx for 4 years.
3. Organizing committee in multiple MUNs including Narmer MUN and Ebis-Narmer MUN.
